Morning

We started the day of Tuesday, March 28, 2023, by joining our Italian and Spanish correspondents for a visit of the must-sees of Amiens

We went through the Jules Verne House, the Jules Verne Circus, the Picardie Museum, Gambetta Square, the House of Culture, the Town Hall, the Marie-Sans-Chemise Clock, the cathedral, the beffroi, the Saint-Leu district, Saint-Pierre Park, the hortillonnages and the Perret tower

We all did this with the help of Izi travel and the work that the students of the 2F class did

Afternoon

After eating, we walked to the UniLaSalle higher education establishment in Amiens, an engineering school specialized in energy and digital

We visited it, we did a quiz and we learned a lot of nice things

We had a good day together, which allowed us to get to know each other with joy and good humor as well as to share our cultures and knowledge.

Hemos preguntado a varias estudiantes españolas: les gustó mucho descubrir los diferentes lugares pero que había muchos y estaban cansados.
